

## New Orleans Jazz National Historical Park

# Junior Ranger Program

## Welcome!

New Orleans Jazz National Historical Park is one of over 380 national parks in the United States. The park's mission is to preserve the origins, history and progression of an original American art form - jazz. Complete all the activities in the following pages and earn the status of a National Park Junior Ranger!

But don't make this your only stop in New Orleans. Use your badge as a key to learn more about New Orleans and its jazz culture. You may want to visit these other sites.

**START**

**The race is on!**

Start at Jackson Square and wind your way through the streets of the French Quarter to find the future home of New Orleans Jazz National Historical Park.

# Find 5 Trumpets

Jazz musicians found work in restaurants, dance halls and on the steamboats. Study the picture below and find the five hidden trumpets.

# Who played what?

Read about a famous New Orleans jazz musician and draw a line to the instrument they played.

# Sydney Bechet

I was nine years old when I first played a *clarinet*.

## Louis Armstrong

Most folks call me Satchmo. I started out playing a tin horn, but became famous playing a *cornet* (trumpet).

# Sweet Emma Barrett

I played jazz *piano* in a time where women jazz musicians were rare.

## Kid Ory

I was raised upriver in plantation country, but came to the big city to learn more about my 'tailgating' *trombone*.

## "Professor" Jelly Roll Morton

I was born in New Orleans, and  
folks call me professor  
because I'm a great *piano* man.

# Connect the Dots

What object is used in the second line jazz bands of New Orleans that doesn't play music? Connect the dots to reveal this fun object, rain or shine!

# What Doesn't Belong?

Look at the pictures below and find the object that is not a jazz instrument.
